

## **TABLE OF CONTENTS**

### **1 Project Design Standards**

- 1.1 Project General Requirements
- 1.2 Acronyms and Abbreviations
- 1.3 Code Requirements/Guidelines
- 1.4 Owner's Project Requirements (OPR)
- 1.5 Construction Operations Building Information Exchange (COBie)
- 1.6 Project Turn-over
- 1.7 Commissioning
- 1.8 Recommended/Preferred Manufacturers
- 1.9 Architect/Engineer/Contractor/Owner Responsibility Matrix
- 1.10 Water Management Program Identification
- 1.11 Sustainability
- 1.12 Labeling Requirements
- 1.13 Network Architecture Approval

### **2 Site**

- 2.1 General Considerations
- 2.2 Pedestrian and Vehicle Access & Circulation
- 2.3 Parking
- 2.4 Paving
- 2.5 Site Grinding and Earthwork
- 2.6 Water & Fire Protection
- 2.7 Sanitary Waste
- 2.8 Storm Sewer
- 2.9 Stormwater Management
- 2.10 Landscaping
- 2.11 Site Lighting
- 2.12 Service Yard

### **3 Central Utility Plant**

- 3.1 General Requirements
- 3.2 Central Energy Plant Design Standards
- 3.3 Chilled Water Systems
- 3.4 Heating Hot Water Systems
- 3.5 Stand-by Fuel
- 3.6 Central Utility Plant Infrastructure

### **4 Mechanical**

- 4.1 Air Handling Units
- 4.2 Terminal Equipment and Air Distribution
- 4.3 Exhaust Systems
- 4.4 Precision Cooling
- 4.5 Metering
- 4.6 Steam Measurement
- 4.7 DDC Controls
- 4.8 HVAC Piping Standards
- 4.9 Ductwork Standards
- 4.10 Snow Melt System

### **5 Plumbing, Medical Gas & Fire Protection Systems**

- 5.1 Plumbing Water Service
- 5.2 Plumbing Equipment

- 5.3 Plumbing Fixture
- 5.4 Plumbing Piping
- 5.5 Medical Gas and Vacuum Systems
- 5.6 Fire Protection

## **6 Electrical**

- 6.1 Central Plant Criteria
- 6.2 Seismic Criteria
- 6.3 Electrical Rooms (Normal & Essential systems)
- 6.4 Electrical Utility Services
- 6.5 Essential Systems Distribution
- 6.6 Fire Pump Electrical Service
- 6.7 Electrical Distribution Equipment
- 6.8 Electrical Overcurrent Device Studies (OCPD Study)
- 6.9 Electrical Metering
- 6.10 Electrical Conduit
- 6.11 Lighting
- 6.12 Wiring Devices
- 6.13 Lightning Protection / Grounding
- 6.14 Renewable and Alternate Energy Sources

## **7 Network and Telecommunications**

- 7.1 Network & Telecommunication Rooms
- 7.2 Structured Cabling Systems and Cable Pathway Systems
- 7.3 Network/Telecommunication Equipment
- 7.4 Cellular Reinforcement System

## **8 Low Voltage Systems**

- 8.1 Fire Alarm
- 8.2 Nurse Call System
- 8.3 Overhead Paging System
- 8.4 Central Clock System
- 8.5 Elapsed Time Clock System
- 8.6 Sounds Masking
- 8.7 Emergency Preparedness System
- 8.8 Electronic Access Control System
- 8.9 Surveillance Systems
- 8.10 Intrusion Detection System
- 8.11 Duress Alarm System
- 8.12 Emergency Telephone / Intercom Stations
- 8.13 Two-Way Hand-Held Radios
- 8.14 Additional Security Systems
- 8.15 Cable Pathways

## **Appendix (Available Upon Request)**

- 1. Project Close Out
- 2. Exception Form
- 3. Commissioning Standards
- 4. Lighting Control
- 5. Parking Guidelines
- 6. Responsibility Matrix Example
- 7. Utility Shutdown
- 8. COBIE Template
